Hi Brian.

Unfortunately, I'm pretty much completely booked up tomorrow. Thursday is limited as well but better. I could do 11-12 or between 2:30 and 4:30 on Thursday. I might be able to squeeze something else in if neither of those work, so please let me know.

Thanks,

Elizabeth

Subject: DASS RER Comments

Good Morning Elizabeth,

When reviewing EPA comments on the Remedy Evaluation Report, there are a few comments in which we would like to get additional clarification on if possible. Please let me know what time you are available tomorrow/Thursday to discuss.

I appreciate it,

Thanks
